Description of course objectives: The PADI Advanced Open Water course is designed for students who have completed their PADI Open Water Diver course and wish to get professionally supervised experience in areas such as deep, navigation, wreck, boat, night, search and recovery, buoyancy, and multilevel diving. Students must complete a total of five dives, two of which must be deep and navigation. Students are also required to complete the readings, videos and knowledge reviews in the *PADI Advanced Open Water Diver* eLearning touch program for each dive type they elect to do.

Pre-requisite(s): PADI Open Water Diver certification or equivalent from another scuba training agency. Recent diving experience.

Required Materials: PADI eLearning touch course for Advanced Open Water Diver (included in course fee). This material will be provided to students on the first night of class. Once the program is activated, student fees will not be refunded and the program cannot be returned.

Required and Recommended Equipment/Material(s):

PADI requires the following equipment for all Advanced divers: mask, fins, snorkel,

appropriate exposure protection, dive knife/tool, scuba tank, buoyancy control device with low-pressure inflator, weight system, regulator, alternate air source, submersible pressure gauge, depth gauge, timing device and/or dive computer, compass and Recreational Dive Planner. For the Night Dive, student divers must each have an underwater light and whistle. In addition, all students must have an underwater slate and writing instrument on each dive.

*Important: PADI instructors have the right to deny any student diver the right to participate in an Adventure Dive if that student does not have proper scuba equipment. Mask, fins, snorkel, and boots are available for rental from Aquatic Adventures if the student does not own them. Life support equipment is provided free of charge for one weekend. See policies below for care, return, and additional rental policies.

Entrance to Klotsche/Pavilion (if applicable): Students must have their student ID card for entrance.

Additional Fees: This course includes two dives on Lake Michigan, weather permitting. There is no additional charge for these dives. However, entry fees to any private lakes where other dives are conducted are the responsibility of each student.

Special out-of-class assignments: 5 Open Water dives conducted over one weekend. See the class schedule at <https://diveaai.com/en/uw-milwaukee-advanced-open-water> for times and locations.

Tips for successful participation in class: Students are required to complete 5 open water dives and complete knowledge reviews for each dive they make. It is necessary for students to complete all of these activities to be successful in passing the course.

Grading Policies: Grading is based on the following:

- Attendance in class and successful completion of 5 knowledge reviews = 1/6 of grade
- Successful completion of 5 open water dives = 1/6 of grade per dive completed

Grading Scale:

A	95.00 – 100.00
A-	94.99 – 93.00
B+	92.99 – 90.00
B	89.99 – 87.00
B-	86.99 – 85.00
C+	84.99 – 82.00
C	81.99 – 79.00
C-	78.99 – 77.00
D+	76.99 – 74.00
D	73.99 – 71.00
D-	70.00
F	Less than 70.00

Schedule:

Schedules for all UWM courses taught through Aquatic Adventures can be found at <http://uwm.diveaai.com>. Schedules may change due to time constraints, weather, or availability of dive sites and facilities. All changes will be posted on this web page.

Assignment Policies:

MISSED CLASS POLICY: Because dive industry standards prohibit students from attempting complex skills without having first mastered the more elementary skills on which they are based, students may not be allowed to rejoin their class if they miss a classroom, confined water, or open water dive. A \$25 per hour private instruction fee is charged to make up missed classes if the training cannot be completed with another class. If the instructor or student cannot coordinate their scheduled to make up missed classes, the student will be asked to withdraw from the course.

UWM RENTAL POLICY: Students will be issued life support equipment for open water dives. There is no charge for using this equipment, provided the student completes all dives in one weekend. Normal rental fees will apply to any additional days needed to complete certification. All rented equipment may be used only by the student it is issued to and only for purposes of scuba training in this course. Use for any other purpose is strictly prohibited. Any student found in violation of this policy will be expelled from class and all course fees will be forfeited.

During the time of rental, students are responsible for the proper care of the rented gear as outlined in the *PADI Open Water Diver* manual. Students will be charged for any damage to equipment that is the result of negligence, including exposure to heat or cold. Students will also be charged for the return of equipment that has not been properly rinsed following open water training.

All rental equipment is due back to Aquatic Adventures, Inc. by 4:00 p.m. on the Sunday following open water training. Students who pick up equipment and then fail to show up for an open water training dive must return their gear by 4:00 p.m. on the next business day. Any student who fails to return gear at the appropriate time will be charged up to a \$75 per day late fee. No certifications or university grades will be issued to students who fail to return their gear or have outstanding balances with Aquatic Adventures, Inc. that are the result of late returns or damage due to negligence. Equipment that is not returned within 3 business days of the return date will be considered stolen and will be reported to the appropriate authorities.

CERTIFICATION: Open water training is a required part of the Advanced Open Water program at the University of Wisconsin-Milwaukee. The PADI certification fee for Advanced Open Water Diver is included in the course fee. This fee is non-refundable. The standard life-support equipment rental package fee is provided free of charge as a courtesy to UWM students attending open water training for one weekend. Standard rental rates will apply if the student fails to complete all open water dives during the scheduled class. Personal gear, entry fees, boat fees and any other items that are not provided in the standard Aquatic Adventures Advanced Open Water Diver course are the responsibility of all students attending open water dives.

MISSED CERTIFICATION DIVES: Students who fail to show up for an open water dive will need to pay an additional \$25 to reschedule for another day. Private fees of up to \$25 an hour could apply to makeup dives if other regularly scheduled dives are not available. These fees are non-refundable.

UWM POLICIES AND FEES: All University of Wisconsin – Milwaukee students are required to familiarize themselves with the schedules, policies, and fees associated with scuba training by reading through the material provided at <https://uwm.diveaai.com>. Aquatic Adventures will not be responsible for any inconveniences or issues arising from students claiming to be unfamiliar with the material provided for their benefit on this website.

PARK AND BOAT FEES: Open water dives are a required component of the Advanced Open Water Diver Course. Students are responsible for entry fees to parks and boat fees. Aquatic Adventures subsidizes boat fees for all UWM students participating in training dives. This subsidy is typically a 20% discount off the standard rate. Standard pricing rates for boat charters can be found at <https://charters.diveaai.com>.

Attendance requirements: Any student who does not participate in classes cannot expect to satisfactorily complete course objectives and therefore should consider dropping the course.

Guidelines for wireless and electronic devices in the classroom: The guidelines are on the College of Health Sciences website:

<http://uwm.edu/healthsciences/students/guidelines-for-electronic-wireless-devices-in-the-classroom/>

Definition of a credit hour: This is a 1 credit course. Students are expected to invest approximately 6 + hours per week in class activities. This includes class participation, lectures and outside assignments.
